

# Department of Statistics

## Master's Application for Admission

### For Current UCB Students Only

UCB students enrolled in another graduate program on the Berkeley campus may apply for the master's degree in statistics. The deadline to apply for the fall semester is December 15. We do not admit students for the spring semester.

**In addition to this application, please include the following documents:**

1. Statement of Purpose
2. One Letter of Recommendation (Preferably from Statistics faculty)

**Submit all applications to the Graduate Student Services Advisor in 373 Evans Hall**

#### Student Information

Name:

#### MA Course Information

Students must have at least 24 units of selected Upper Division and Graduate courses and pass a comprehensive examination, or have at least 20 units and prepare a thesis. At least 18 units in Upper Division and Graduate Statistics courses of which at least 12 units are in Statistics courses numbered 204 or higher. (Note: Stat 298, 299, 300, 601 and 602 cannot be used to fulfill unit requirements and 278B units cannot be used to fulfill the 12 units in 204 or higher requirement). All courses used to fulfill the 18 unit requirement must be taught by Statistics faculty. All coursework must be letter graded unless the course is only offered on a SU basis. The total of S/U or P/NP units may only be 2.

**List ONLY the courses you have completed and those you intend to complete for the MA degree:**

Course	Units	Semester	Grade	Instructor
